# **DIRECTORS' REPORT**

# **DEAR MEMBERS,**

We have the pleasure in presenting the Twenty-third Annual Report and the Audited Statement of Accounts of the Company for the year ended 31<sup>st</sup> March, 2017.

### **FINANCIAL HIGHLIGHTS**

The financial results for 2016-2017 are summarized as below:

	2016-2017	2015-2016
	( All figures in <b>₹</b>	Lacs)
Total revenue	3606	3171
Profit before finance cost, depreciation & amortization	1287	883
Finance cost	45	58
Depreciation & amortization	177	172
Profit before taxes	1065	653
Tax expenses	407	136
Profit for the period	658	517

#### **OPERATIONAL PERFORMANCE**

During the year 2016-17, the overall operational performance of the Company was satisfactory. The total production from the Oxygen/Nitrogen units was 92.03 lac cubic metre (cum) recording plant capacity utilization of 82%. This was lower by 5% compared to 97.12 lac cum of the previous year with capacity utilization of 86%. This reduction was mainly due to drop in demand for Nitrogen with aggregate sale of 63.78 lac cum including trading sales of 16.83 lac cum by 17% and Industrial Oxygen sale of 13.62 lac cum by 5% mainly because of lower industrial activities in the oil sector and in the cement and steel sectors across the N.E. region. But sale of Medical Oxygen of 15.65 lac cum increased by 28% and Liquid oxygen of 15.63 lac cum by 2% compared to the previous year. Dissolved Acetylene sale of 2.16 lac cum shows growth by 13% while Nitrous Oxide sale of 0.89 lac cum increased by 8% over the previous year. Sale of Carbon Dioxide of 4.29 lac kg grew by 4% compared to 4.13 lac kg of the previous year. During the year, the Company could bag orders from all major industrial gas buyers of the region inspite of a stiff market competition. With better economic conditions and increase in industrial activities, the Company expects to improve its scale of operations and achieve sustainable growth in the coming years.

# FINANCIAL PERFORMANCE

During the year, the Company's revenue from operations (net of excise duty) was ₹3477 lac which grew by 12% compared to ₹3092 lac of the previous year. Profit before finance cost, depreciation and amortization was ₹1287 lac and net profit after tax was `658 lac which was up by 27% over the previous year. The growth in turnover and profitability was mainly due to better demand for Medical Oxygen, Dissolved Acetylene, Nitrous Oxide and Carbon Dioxide inspite of a drop in sale of Nitrogen and Industrial Oxygen. Despite growing operational costs and competitive market, the Company could maintain the unit sale prices of most of the products. Major expenses like cost of materials consumed, employee expenses, distribution and other administrative expenses were higher. But during the year, the Company could substantially reduce its power cost by about 17% amounting to ₹157 lac by procuring power through open access route. The Company is hopeful that with growth in general economy and better industrial climate, it will be able to improve its overall financial performance in the years to come.

The Company has been maintaining excellent track records with banks and FIs and has been timely servicing its term loans of ₹3155 lac from SBI. During the year, an earlier term loan of ₹255 lac from North Eastern Development Financial Corporation Ltd. (NEDFi) was repaid in full. The Company is also availing working capital facilities of cash credit of ₹300 lac from SBI. From the end of the financial year till the date of this report, an enhanced cash credit limit of ₹400 lac has been sanctioned by SBI.

There are no other material changes and commitments affecting the financial position of the Company from the end of the financial year to the date of this report.

# STATE OF AFFAIRS OF THE COMPANY

During the year under report, the Company was engaged in the business of manufacture and trading of industrial and medical gases and in construction and revamp of gas processing facilities. The Company was also carrying out implementation of a new Oxygen/Nitrogen unit at Samaguri in the district of Nagaon, Assam as proposed earlier. Supplies were satisfactorily made to the clients mostly from the core sector oil & gas, hospitals and other health care units, food and beverage industries and in the infrastructure sector among others mainly within the N E Region and

nearby states. The primary products of the Company Oxygen and Nitrogen contributed about 26% and 20% respectively of the total turnover while contributions from the other items like Dissolved Acetylene, Nitrous Oxide and Carbon Dioxide in the aggregate were around 21% and revenue from services was about 18% of the total turnover. There has been no change in the nature of business of the Company during the year.

# **FUTURE PLANS & PROSPECTS**

The Company projects growth in demand for industrial, medical and other specialty gases in the near future mainly in view of increasing trend of activities in the core sector oil industries and up-coming government projects in the infrastructure, railways, power and health care sectors in the N.E. region. To meet this growing market demand, the company had already initiated to set up and commission its proposed Oxygen/Nitrogen unit at Samaguri in the Nagaon district of Assam. The project works are at an advanced stage of implementation. Almost all equipment and materials (mechanical and electrical) have been delivered at site and erection was in progress. Cooling tower was ready and pipe works were in progress. The Electrical substation was almost ready. Storage tanks were to be erected. It was expected that 90% of erection of the plant would be completed shortly and works for commissioning the unit could be taken up thereafter. The Company also envisages to set-up industrial gas plants within the N E region and beyond in the near future. The Company is hopeful that with completion of the proposed Oxygen/Nitrogen project and better market conditions, it will be able to significantly increase its scale of operations and attain sustainable growth and development in the years to come.

# **DIVIDEND**

The Board of Directors are pleased to recommend a Dividend of 12% per share, ie., ₹ 1.20 per share on the 49,23,900 fully paid up Equity Shares of ₹10 each for the financial year 2016-2017.

# TRANSFER TO INVESTOR EDUCATION & PROTECTION FUND

During the year under report, the Company transferred the amount of dividend lying unpaid or unclaimed for a period of seven years to the Investor Education & Protection Fund (IEPF).

### TRANSFER TO RESERVES

The Company proposes to transfer ₹100.00 lac to the General Reserve out of amount available for appropriation and ₹ 487.43 lac is proposed to be retained in the Statement of Profit and Loss.

### PARTICULARS OF LOANS, GUARANTEES AND INVESTMENTS

The Company has not given any loan, guarantee or provided any security in connection with a loan to any person or other body corporate. Current investments of surplus funds were made in quoted Mutual Funds during the year. Advances/ security deposits were given for capital goods and to suppliers, staff, and Govt. depts. in the ordinary course of business.

The company has repaid in full its term loan of ₹255 lac from NEDFi and after the end of the financial year it has been sanctioned a term loan of ₹3155 lac by SBI. The Company is enjoying its working capital (cash credit) facilities of ₹300 lac from SBI. From the end of the financial year to the date of this report, an enhanced working capital (cash credit) limit of ₹400 lac has been sanctioned by SBI.

# **ISSUE OF SHARES**

During the year, the Company did not make any issue of shares. As on 31<sup>st</sup> March, 2017, the issued, subscribed and paid-up share capital of the Company was ₹492 lacs comprising 49,23,900 equity shares of ₹10/- each. The shares continued to be listed on the Calcutta Stock Exchange. Listing fees have been paid to the Stock Exchange for the year 2017-18. The Company has made arrangements with NSDL and CDSL to provide the facility to shareholders for dematerialization of their shares in the Company.

### **DEPOSITS**

The Company has not accepted deposits in terms of Section 73 of the Companies Act, 2013 read with Companies (Acceptance of Deposits) Rules, 2014.

# **HOLDING, SUBSIDIARY & ASSOCIATE COMPANIES**

The Company does not have any holding, subsidiary, associate or joint venture company.

# **RELATED PARTY TRANSACTIONS**

During the year, the Company's existing contract dated 01/04/2014 with a related party for sale of industrial gases expired on 31/03/2017. To renew the contract from 01/04/2017 in accordance with the provisions of Section 188 of the Companies Act, 2013, Rules made thereunder and the SEBI (Listing Obligations and Disclosure Requirements)

Regulations, 2015, the Company obtained prior approval of the members by special resolution in its Extraordinary General meeting held on 30/03/2017 preceded by approval of the Audit Committee and of the Board. The earlier contract dated 01/04/2014 was entered with prior approval of the Ministry of Corporate Affairs under Section 297 of the Companies Act, 1956 and thereafter, in accordance with the new Companies Act, 2013, approval of the members by special resolution was obtained to continue with the said contract.

The Company had already adopted a policy on related party transactions pursuant to the provisions of the Companies Act, 2013 and the SEBI Listing Regulations and the same has been disclosed in the Corporate policies report under the Corporate Governance report section to this Annual report and also disclosed in the Company's website: www.premiercryogenics.com. Further, pursuant to Section 134(3)(h) of the Companies Act, 2013 and Rule 8(2) of the Companies (Accounts) Rules, 2014, particulars of the contract in prescribed Form AOC-2 is given in Annexure - I to this report.

# CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS & OUTGO

### (A) Conservation of energy -

(i)	the steps taken or impact on conservation of energy	Product loss have been minimized by improving the insulation level of 7 transport tanker. Product loss in transfer and transit is considerably reduced.
(ii)	the steps taken by the company for utilizing alternate sources of energy	Since solar energy is not a viable option in N.E. States due to shortened daylight period we have not taken any step for utilization of this energy.
(iii)	the capital investment on energy conservation equipments	Rupees three lacs approx.

# (B) Technology absorption -

(i)	the efforts made towards technology absorption	Most of the critical and regular spares have been developed from indigenous quality suppliers.  However, it has been found more economical to continue to import some of the proprietary items like crank shaft, etc.
(ii)	the benefits derived like product improvement, cost reduction, product development or import substitution	Spare cost reduced around 70% due to developing of indigenous source.
(iii)	in case of imported technology (imported during the last three years reckoned from the beginning of the financial year) -	NIL
	(a) the details of technology imported	NIL
	(b) the year of import	NIL
	(c) whether the technology been fully absorbed	Yes
	(d) if not fully absorbed, areas where absorption has not taken place, and the reasons thereof; and	

(iv)	the expenditure incurred on Research and Development.	Air compressor bearing lubrication oil pressure improved by installing oil cooler with chilled water cooling. Also shell side of the cooler cooled by fan air blowing. This has increased the oil pressure by 0.5 Kg/Sq.
		This has been done since original spares are not available and bearing failure occurred due to Low oil pressure.  Approximate expenditure is ₹ 1.5 Lacs.

(C) Foreign exchange earnings and Outgo -

The Foreign Exchange earned during the year was Nil and the Foreign Exchange outgo was ₹ 9,41,92,954/- (P.Y. ₹ 2,13,75,956/-) only towards Component and spare parts and advance for capital goods during the year.

# **MANAGEMENT DISCUSSION & ANALYSIS**

# **MANAGEMENT DISCUSSION & ANALYSIS**

### **OVERVIEW:**

The Company concluded the year 2016-17 with a satisfactory note in respect of its overall performance. Keeping in line with the growing economy and market condition, the Company could improve its level of operations with good growth in turnover and profitability during the year. The major products Oxygen and Nitrogen recorded production of 92.03 lac cum and plant capacity utilization was 82%. This included a total Oxygen production of 44.87 lac cum which was up by 7% over previous year's 41.83 lac cum. But Nitrogen production of 47.15 lac cum was lower by 15% mainly due to lower demand from the Oil sector during the year which dropped the total capacity utilization by 5% compared to previous year. While demand for Medical Oxygen and Liquid Oxygen grew by 28% and 3% respectively, demand for Industrial Oxygen dropped by 5% due to slow activity in the cement and steel sectors of the region. But Dissolved Acetylene recorded growth by 13% with production of 2.16 lac cum up from 1.92 lac cum of the previous year and capacity utilization was 72%. Nitrous Oxide production of 0.89 lac cum increased by 9% and Carbon Dioxide processing was higher by 4% at 4.25 lac kg compared to the previous year. With these performances, the Company achieved a turnover of ₹3476 lac showing growth by 12% over ₹3092 lac of the previous year and profitability was ₹658 lac which was up by 27% compared to the previous year. The growth in turnover and profitability was mainly due to better demand for most of the products, reduced cost on power by sourcing it through the open access route and ability to raise the unit sale price of some of the products inspite of a competitive market and increase in distribution and other administrative expenses. With better economic conditions and industrial climate, the Company is hopeful of achieving higher growth in the coming year.

### **INDUSTRY STRUCTURE & DEVELOPMENTS:**

Premier Cryogenics has been operating in the industrial gas industry for over 20 years. Over the period, it has attained steady growth in the region and beyond. The Company is primarily engaged in the business of manufacture and trading of industrial and medical gases and with its wide experience and technical expertise, it has also taken up construction and revamp of gas processing facilities. With extensive operations in the field of gas production, distribution, bottling and in a variety of gas applications, the Company had positioned itself to meet the future needs of this core sector industry and it enjoys a leading position as manufacturer and supplier of industrial, medical and other speciality gases in the N.E. region. The Company is presently catering to about 70% of the market demand of the region which are mainly from the core sector oil industries, State Vety. deptts, research laboratories, Railways, Food processing, Infrastructure and Health care sector. With improvement in the general economy, favourable industrial climate and mega Government projects, the Company expects significant growth in demand for industrial gases in the coming years. To meet the future growth in demand and increase its scale of operations, the Company has equipped itself with expansion of its existing production facilities and is also setting up a new Nitrogen/Oxygen unit at Samaguri in the district of Nagaon, Assam which is currently at an advanced stage of implementation. With growing operation of the existing units and commissioning of the proposed project, the Company expects quantum growth and sustainable development in the years to come.

### <u>OPPORTUNITIES, THREATS, RISKS & CONCERNS:</u>

The Company being in a specialized industry has several opportunities. Its main products, Oxygen & Nitrogen are produced by atmospheric air separation which have no raw-material cost. Dissolved Acetylene sale has the potential of increasing sale of Oxygen due to their joint applications. The Company's existing facilities being located at Guwahati, the hub centre of the region; it enjoys comparatively lower freight cost and stable power supply. The promoters being highly experienced technocrats, it has good potential for growth and development. The gas products being critical inputs for the oil sector and other industrial and medical gas users have a good growing demand.

Inspite of the opportunities, the Company has certain risks and threats related to its business. Manufacture of O2/N2 is critically dependent on power. Although it is being sourced through the open access route, any disruption in power supply will adversely affect production. Further, any hike in tariff will inflate the unit cost of production. Calcium Carbide, a major input for DA, is sourced from Bhutan and far-off states which has the risk of erratic supply and price escalation. The Company supplies mainly through open tenders which are subject to market competition. It is presently enjoying central excise, VAT and other benefits under Northeast Industrial Policy, 2007. Any change in policy will affect its performance. Also, the impact after the proposed introduction of GST will have a bearing on the cost benefits. With gradual improvement in economy supported by proactive policies of the Government, it is expected that the Company will be able to hedge the risks and threats and overcome the adversities.

# **SEGMENT WISE OR PRODUCT WISE PERFORMANCE:**

products include Oxygen, Nitrogen; Dissolved Acetylene and Nitrous Oxide. During the year, sale of Medical Oxygen of 15.65 lac cum increased by 28% and Liquid Oxygen of 15.63 lac cum by 2% compared to previous year. But Nitrogen of 63.78 lac cum which was sold to major customers like ONGC, OIL, and State Vetty. Depts. declined by 17% compared to previous year mainly due to lower industrial activity in the oil sector while Industrial Oxygen sale of 13.62 lac cum dropped by 5% compared to previous year mainly due to lower activity in the cement and steel sectors. The major customers were the local industries, Railways, and construction sector. Sale of DA of 2.16 lac cum showed growth by 13% compared to the previous year while Nitrous Oxide sale of 0.89 lac cum was up by 8% and Carbon Dioxide sale of 4.29 lac kg grew by 4%. The Company is hopeful that with growing industrial activities and improved market conditions it will be able to record much better performance in the coming year.

#### **INTERNAL CONTROL SYSTEMS:**

The Company has adequate internal control systems commensurate with the nature and size of its business. The control systems are reviewed periodically and are improved to make them aligned with the activities, particularly relating to sale of goods, purchase of stores, raw materials and other assets in line with the Company's risk management policy. Computerized systems have been installed with requisite software for specific job execution processes and on-line facilities were used in all the functional units. This has improved the internal checks and controls and the process of reporting and recording transactions on a real-time basis. The internal control system is supplemented by regular internal audits. Review of actions taken on audit observations are carried-out periodically.

The internal audit report and financial statements are reviewed by the Audit Committee of the Company on a quarterly basis. The observations of the Committee are acted upon by the Management. This has improved the Company's internal reporting process and its review and monitoring systems.

#### **FINANCIAL PERFORMANCE:**

During the year, the Company's overall financial performance was satisfactory. It could carry out the fiscal plans and policies and meet the financial commitments on time. Regular monitoring and analysis of the fund flows including supply credits and recoveries, debts and repayments enabled the Company to maintain financial stability and liquidity in its operations. During the year, the Company's revenue was ₹ 3606 lac achieving growth by 14% compared to ₹ 3171 lac of the previous year. Profit before finance cost, depreciation and amortisation was ₹ 1287 lac and net profit after tax was ₹ 658 lac which was up by 27% over the previous year. With adequate internal fund generation and requisite borrowings, the Company could make all the capital investments on its ongoing Oxygen/Nitrogen projects and on its operational expenses. The Company has also been paying dividend continuously for last several years. With improvement in general economy and better industrial climate, the Company expects to improve its financial performance further in the coming years.

The Company has been servicing its term loans from SBI and could repay its earlier term loan of ₹ 255 lac from NEDFi. Working capital is being availed from SBI with cash credit facility of ₹ 300 lacs. From the end of the financial year till the date of this report, the Company obtained sanction of a higher cash credit facility of ₹ 400 lacs from SBI. The Company has also been able to obtain a credit rating of BBB+' and with its dedicated fiscal commitments, the Company has been maintaining excellent track record with banks and FIs.

# **INDUSTRIAL RELATIONS & HUMAN RESOURCE MANAGEMENT:**

During the year under review, the Company emphasized on its human resource development and has continuously put its efforts to improve its HR policies and practices. It held uninterrupted focus on all round manpower development and carried out review and improvement of the measures aligned with the nature of job and employment. In this direction, the Company made special efforts in the areas of recruitment and selection of suitable personnel for its regular activities and its upcoming project, manpower development, wages and compensation and labour relation. A congenial working environment was maintained. Incentives in the form of productivity linked bonus and awards were given for punctuality, loyalty, suggestions and outstanding contributions. Performance appraisal is carried out on an annual basis for salary increments and promotions keeping in line with the Nomination and Remuneration policy of the Company. Relations between management and workers were cordial. The Directors acknowledge the efforts put in by all the employees to improve the level of performance during the year.

# **CAUTIONARY STATEMENT:**

Statements in the Management Discussion and Analysis describing the Company's objectives, projections, estimates, expectations may be "forward-looking statements" within the meaning of applicable laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include economic conditions affecting demand/supply and price conditions in the domestic markets in which the Company operates, changes in Government regulations, tax laws, other statutes and incidental factors.

# **CORPORATE GOVERNANCE REPORT**

### **CORPORATE POLICIES AND REPORTS**

In accordance with the provisions of the Companies Act, 2013, the Stock Exchange Listing Agreement and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company adopted a Whistle Blower policy as a part of vigil mechanism, policy for managing risks, policy for Nomination and Remuneration, code for dealing in share and fair conduct; dealing with related party transactions, Corporate Social Responsibility policy, Documents preservation policy and a Code of conduct for the Company. Disclosure about the Company's policies and reports are given below:

# **Whistle Blower Policy**

The Company has adopted a Whistle Blower Policy as a part of vigil mechanism to provide the Directors and employees in senior management of the Company with a mechanism to bring to the attention of the management any issue which is perceived to be in violation of or in conflict with the fundamental business principles and code of conduct of the Company. The policy provides for reporting such concerns through written communications to the Company and also makes provision for giving access to the Chairperson of the Audit Committee in appropriate and exceptional cases. Any case registered by the Company under the policy shall be subject to the review of the Audit Committee. The Whistle Blower Policy is available on the Company's website: www.premiercryogenics.com.

### **Policy on Risk Management**

The Company has a Risk Management procedure based on its assessment of business risks generally and those specific to the industry. The policy on risk management has been formulated keeping in view the size of the Company and nature of its business and in line with the requirements of the Companies Act, 2013 and the Listing Regulations. It enables the Company to assess the risks identified through the business processes and functions, and address the same through mitigating actions in a systematic manner and on a continual basis. Some of the identified risks relate to competitive intensity and cost volatility. It takes into consideration a variety of risk factors such as market conditions, distribution and supply systems, geographical and social factors, financial, technical, legal and other compliance related factors. During the year, the Company started procuring power through the Open access route thereby reducing power cost by about 16%. It also carried out in-house development of certain equipment parts as a measure for, import substitution and hedging costs. Efforts were also made for improvement in the control systems

particularly relating to sale of goods, purchase of stores, raw materials and other assets. Computerized systems with requisite software were installed for specific job execution processes as a measure for improving the internal checks and controls. The Company's internal control systems are commensurate with the size and nature of its business. These systems are reviewed periodically and recommendations by Audit Committee and Audit observations are taken into consideration for strengthening the risk management practices. The Risk Management Policy is available on the Company's website: www.premiercryogenics.com.

# **Nomination and Remuneration Policy**

# **AUDITOR'S REPORT**

# INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF PREMIER CRYOGENICS LTD.

#### Report on the Financial Statement

We have audited the accompanying standalone financial statements of Premier Cryogenics Limited, which comprise the Balance Sheet as at March 31, 2017, the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

### Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder and the order under Section 143(11) of the Act.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the standalone financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

#### Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31<sup>st</sup> March, 2017 and its profit and its cash flows for the year ended on that date.

#### Annexure 'B' to the Independent Auditors' Report

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of Premier Cryogenics Limited ('the Company') as of March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended and as on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the 'Guidance Note'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Standards on Auditing prescribed under Section 143(10) of the Act and the Guidance Note, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting include obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note.
